The Key points for this presentation.

- +Key Point 1: The Initiatives already set in place.
- +Key point 2: Why have these initiatives been set?
- +Key point 3: Any planned for the future.
- +Key point 4: How the initiative disrupt organised crime groups.

Introduction.

- + As seen by the title, this presentation will revolve around the initiatives that have been set in place to decrease human trafficking on the UK's roads. It will delve into what plans are already in motion and any that are planned for the future.

The Initiatives already set in place

- + One initiative that can be found is titled 'Human Trafficking: The Governments strategy. (involves UK border force) (2011)
- + 'Briefing of human trafficking for police and crime commissioners' -One of the aims is to raise awareness within the service and the public and how to better utilise national resources like The UK Human trafficking centre. (2012)

Border Force

Why have these initiatives been set?

- + 710 victims in 2010, increased in 2011 to 946, all these were people transported to the UK. one of the methods will be using the UK's roads.
- + Rose again by 25% in 2012
- + In 2023, there were over 8,000 reports to the NRM, (NSA 2024).
- + This shows that human trafficking needs to be dealt with and quick. Different strategies helps this.

Any planned for the future?

- + Operation Yale.
- + Strategic plan 2024-2026, states joining forces link with traffic police/ border control
- + Another plan is called the 'New UK money to combat human trafficking, one of the thing it states is Border control this will include roads. proposed in the October of 2024.

How initiatives disrupt organised crime groups.

ThePhoto by PhotoAuthor is licensed under CCYISA.

- + Interrupting them on the move on roads.
- + Prevent revictimization
- + Prosecutes criminals
- + STPO's, STRO's (orders given out, 1st last at least 5 years and 2nd lasts at least 2 years.)
- + This takes them off the streets, interrupts the gang, may have knock on affect in the area causing other gangs to halt.
- + Makes public aware therefore more cautious.

Conclusion.

- + Overall it can be seen that human trafficking is on the rise in the UK.
- + There needs to be more initiatives set in place that target roads more.
- + The NRM allows first responders to make reports of potential victims and allows to give them the proper support this can help revictimization go down.
