Employment History

Fruit seller, FRANCO COCOBELLO, CARRARA

JUNE 2011 – SEPTEMBER 2013

For the first time, I accepted a job in another country, during the whole job I worked in a team as a fruit seller, where I learned certain tactics to work with customers, how to attract, keep, meet customer requirements to be a seller successful. I learned how to work with different categories of clients (children, teenagers, the elderly / women, men, etc.) and how to successfully cope with difficult situations. I also learned the psychological requirements for this job.

After 3 years of being a successful seller, due to the economic situation at that time in Italy, had to move to another country with a more favorable economic situation.

WAREHOUSE OPERATIVE, STAFFLINE M&S SHEFFIELD, Sheffield

OCTOBER 2015 – JANUARY 2016

During this job, I worked for the M&S warehouse, where I did successful, receiving, sorting, packing, ...etc, where I achieved very high performances being even awarded together with my team, for the highest performance. Thanks to the experience of working in a team together with that of working with different equipment software programs, accumulated both during school and in leisure activities (repaired computers, phones, etc.) helped me successfully use modern equipment used in the warehouse.

Due to low-level of work in January, I had to leave the job.

WAREHOUSE OPERATIVE, STAFFLINE H&M STOKE, Stoke-on-Trent

AUGUST 2016 – FEBRUARY 2019

I did successfully did picking, packing, packing, sorting, with good performance, achieving required standards and targets. Due to limited opportunities to advance my position and my skills, I had to leave the job.

FORKLIFT DRIVER, GXO LOGISTICS M&S, Stoke-on-Trent

APRIL 2019 – OCTOBER 2021

I started as a picker, in one of the picking departments, I had the opportunity and I applied as a forklift driver and I got my license, where, in time I added different machines I work with, reaching the best standards and requirements.

At this moment, I successfully do the following tasks, picking, training, receiving, sorting, loading, and unloading trailers, wrapping, FLT putaway, replenish, full pallet pick, equipment move ... etc.
