Tasks (Other than taking part in the video, who will do what)

We will be doing our own research into our own personal parts on our hot topic of homelessness.

As a group of four we then decided to create a group chat, this allowed us to communicate effectively with each other. We chose WhatsApp platform, we then planned to have our first group meet up at Caroline's household. This was cancelled because of the corona virus outbreak; this then had a knock-on effect when it came to certain members of the group such as Scarlett self-isolate immediately because she was pregnant and two of the other group members were key workers. Then the Prime Minister of the United Kingdom had announced that United Kingdom is to isolate and only leave the house for essentials. We then only communicated through WhatsApp and Facebook messenger this allowed us to discuss our hot topic of homelessness and to work effectively as we can as.
