I learn lost about manage because a head chef i need manage my chefs

Example ask the chef to do the job properly and organizing is my skills ,i like see everything cleaner.

Controlling the stoke i that good job

I am planning my Hotas and hours my chef everything in my compute that my example instruction to management is not to bet.

The more important thing in my life is i have good teachers always help me in everything what you need to grow.

That amazing.

I learn a lot about refencing to Liz (2023), to prove everything.i learn everything about.

I so happy a have study ever weekends learn lost about organise my life listening to my teacher than is very good a learn lost write and understand very good. But this courser helps me lost to my life, because my so difficult for learn everything and if never have easy life. school is good for learning how honest teacher is good to you.

These two months and 6 days i learn how i so important to myself, how i changed

complement my life be student, so is so good be happy I back to study, my life i never chance the go to school or university this in my dreams and i never give Pe to my dreams always fight for back to school and reutilize my dreams ,one days the dreams came truth and the door open for my chance and change my life completely every day ,the problem i lost my job and i don't how i go to university but i have good people give support and always see something to motivate me quip gone and always look to future how my so Past life is bat ,so thank to everyone in university open the door and me give um chance for changed complete my life.

My life i learn about my mistakes and always learn good things than is amazing.

I want headfirst into university to learn, I want to learn a lot more in my life and it's never too late to learn.

My amazing teacher always helps and encourages me to study and see good things to be motivated all, she always asks me if I'm okay. I'm still hurt, and this is very important to have people worry about you.

In my life I never have too much personal care about me, I'm so happy I met new people at university and today my friend is very happy for me because you came to England. You do not have a chance for anything, just work and home. That is not life.

I want to be something one day in my life.

The university is a big challenge in my life. I learn management, my time and my techniques.

To care more about how i write Englis is not easy but naturally you contribute for you.

I have good skills but is deferent skills in kitchen because i chef i learn about,

Then provide you learn anything your life, just you need believer you, but you need

To brave because is not easy.

How so difficult back to study for many years a tried to back school and never happened because i not have time and money for nothing that difficulted is me.

I never have easy access to nothing.

This good idea i learn so much from and like so much pomodoro techniques than is very important to me.

Are good benefits to my life today, reduced lest stress and easy control over my time.

I study 25 minutes, and 5 minutes break
this i learn good about time, I control my
time easy.

In 2 mouths in university i learn how i save
money and control my planning to investing
and understanding how i quip save more
money, I like talk to people but in front of in
my classroom a to chai.

In university i learn how it works to speaking
to communication and lost my chance to
espresso myself in front of people.

I so good in planning because i chef for thn
is easy because is professional i have good
techniques in cooking.

Basic aid and cpr is my skills, i very
confidence in emergency situations and
ability to help others.

This creates a schedule my easy control over me, always a use my Callendar is easy my life.

I always make the days i book in my Callendar for i never forgetter example goes to holiday, doctor, appointment for my dog.

Then is good planning for me and for my wife.

Very challenging about paragraph

(smith,2007, p4)

I so happy I study mi university because make li but easy for my future and open my brain for ideas and i continue study all the time i have free. Then very much to give the opportunities for me give chances to me.

I love everything in my life now because i learn same me happy.

The fell so good to my life be happy again no nobody don't what i pass in my life for came to England ,i so happy have chance again
