

Infographic: "Deaths registered weekly in England and Wales, Provisional due to Covid-19"

- Wales was managing better with death cases for the period of week between 15 and 20 in 2020

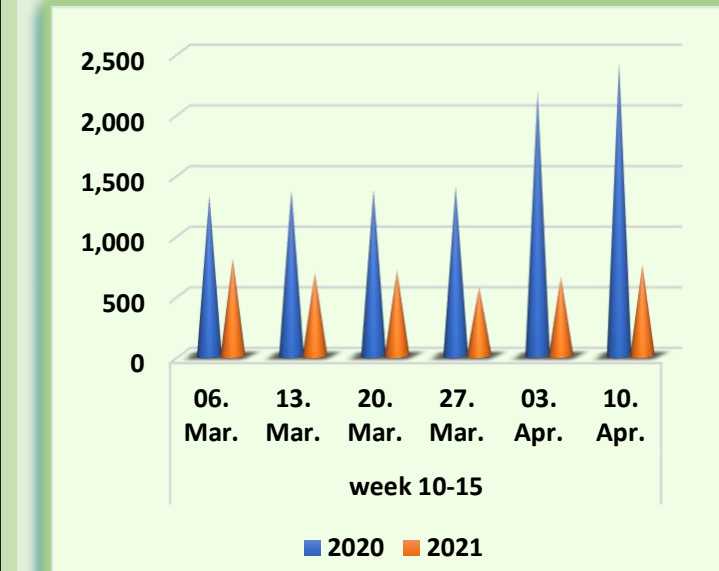

- A lot of people over 90 years old died because of COVID in 2020

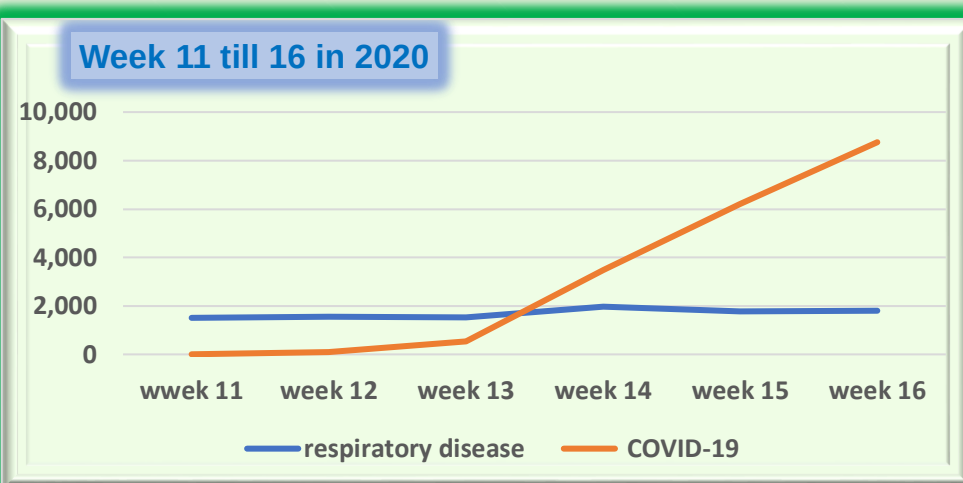

- The differences of deaths between any mention on the death and underlying cause is going down

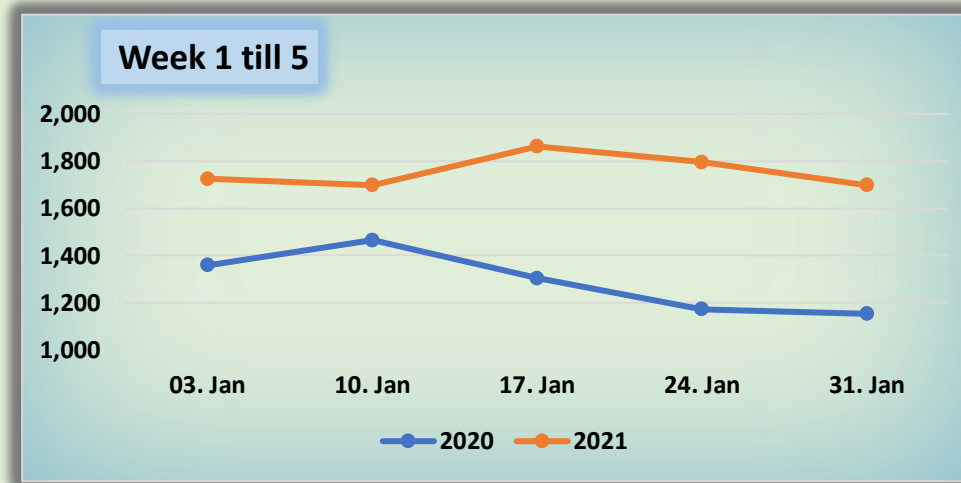

- Death cases of males by age 75-79 are no more increasing

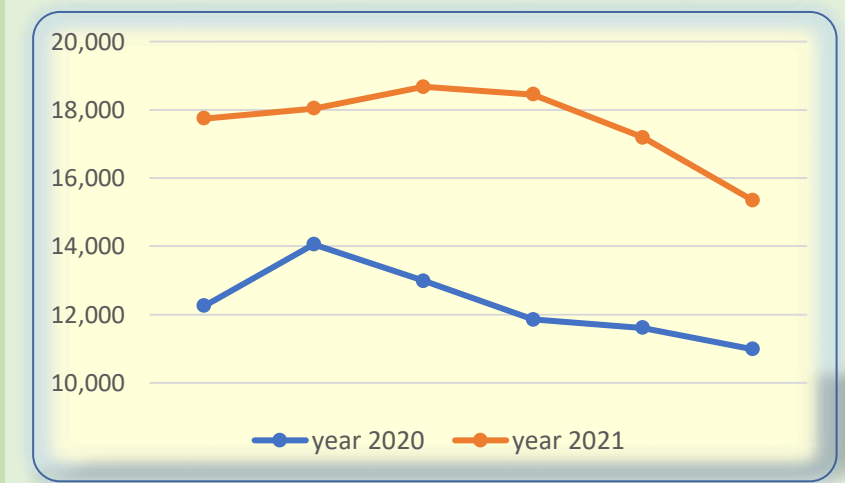

- COVID deaths extremely increased comparing to respiratory disease

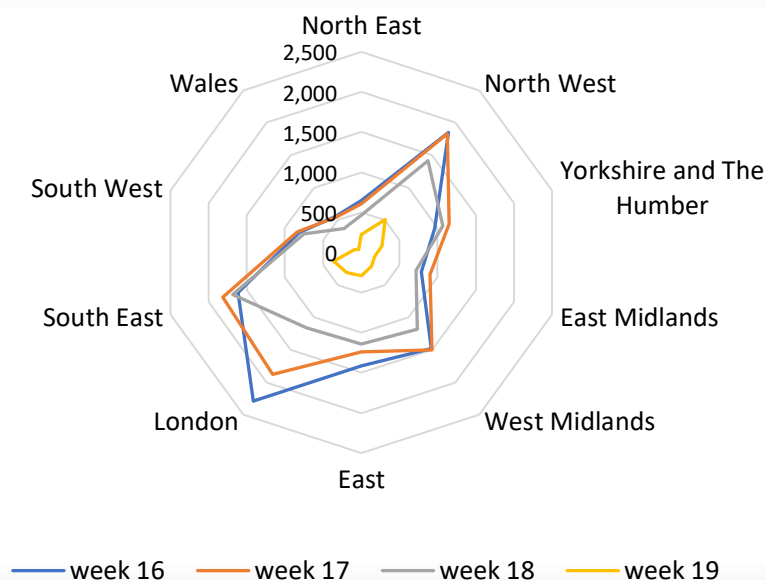

- Female deaths by age 85-89 are going up in 2021

- There are more total numbers of deaths over the period between week 1 and 6 for the year 2020 and 2021

- Each region succeeds to decrease their death cases for the period between week 16 and 20 for one year (2020-2021)
