Professional Development &
Innovative Practice***

Part-time

Academic Year: 2023-24

Introduction to the module

Subject Specialism: Professional Development & Innovative Practice is the final module studied as part of the PCE/PGCE (PCET) (in-service) programme and seeks to provide you with the opportunity to explore your own professional development and consider next steps in terms of your role and responsibilities.

Module Aims

To facilitate students in understanding their own position within a professional PCET context and to systematically plan for their continued professional development

Module Learning Outcomes

Upon the successful completion of this module, the student should be able to:

- Critically reflect on own role within a professional context and outline further developmental needs through the production of an appropriate action plan
- Demonstrate proficiency in applying principles of innovative practice to own teaching
- Compile a portfolio of evidence to evidence teaching and assessment responsibilities within an identified PCET context

Contacting tutors

You are very welcome to contact tutors regarding any queries you may have about the module but strongly urge you to check the available information via Moodle and Teams first to see if the answers are already there for you. Individual meetings/tutorials can also be arranged via Teams or in-person upon request (subject to staff availability).

Please note that we aim to respond to student emails within two working days of receipt between standard office hours 9-5 Monday-Friday (excluding holiday periods). As we often work flexibly, we may send or respond to emails outside of that period however, this is not always the norm so please be aware of this when requesting information from tutors.
