

STUDENT FEEDBACK FORM

Lloyd Pennington

This section details the *extent* to which the assessment criteria are demonstrated by you, which in turn determines your mark. The marks available for each category of skill are shown. Lecturers will use the space provided to comment on the achievement of the task(s), including those areas in which you have performed well and areas that would benefit from development/improvement.

Generic Assessment Criteria	Marks available	Marks awarded
1. Engagement with Literature Skills		
Presentation of a report appraising the use of application software in the development of EUIS No real reflection on the concept of EUC. You did not discuss the previous work carried out in assignment 1 as this should help with your judgement and design in this section	20	3
2. Knowledge and Understanding Skills		
Demonstrate knowledge of the design principles used, when building a system using MS-Office and VBA that will perform the procedures to analyse data sets You do not demonstrate a suitable level of understanding of MS-Access as a development environment - so why not use Excel - you had a prototype in assignment 1. No real understanding of VBA	20	4
3. Cognitive and Intellectual Skills		
Good interpretation of EUD requirements This is a very basic system and at this level you are expected to explore the software development environment in far more detail.	30	10

4. Practical Application Skills		
Facilities should be incorporated into the system that will automate the user activities. The success of the system build will be measured against the user requirements. The practical application that you have developed is very poor - No use of VBA - no enhanced features no real thought about the design of your Database system	20	4
5. Transferable Skills for Life and Professional Practice		
All work suitable presented and referenced A suitable report in terms of presentation but no content to talk about	10	5

Assessment Mark (Assessment marks are subject to ratification at the Exam Board. These comments and marks are to give feedback on module work and are for guidance only until they are confirmed.)	Late Submission Penalties (tick if appropriate)		26 %
	Up to 1 week late (40% Max)		
	Over 1 week late (0%)
