

Our School Garden

1904571 JOHN MUIR EXPERIENCE

*This was how it looked
before we started the
project. The area was
a waste ground with
no use.*

APPLE TREES

- Apple trees were delivered to the school as part of a course that was attended by staff of the school.
- This is where the journey began.

HAND MADE FLOWER BEDS

BENJI THE BUNNY'S NEW HOME

Hand painted rocks by the children

Sunflowers

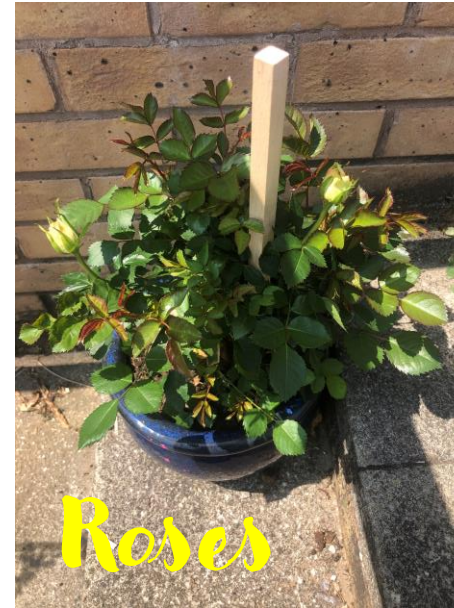

There are different varieties of sunflowers such as the American Giant, Teddy bear, Big smile and many others. They need to be grown in full sun in soil and watered regularly. They are an annual plant and will flower in August.

PLANTED FLOWERS AND DIFFERENT HERBS

Plants that were planted by the children 😊

Roses

Lavender

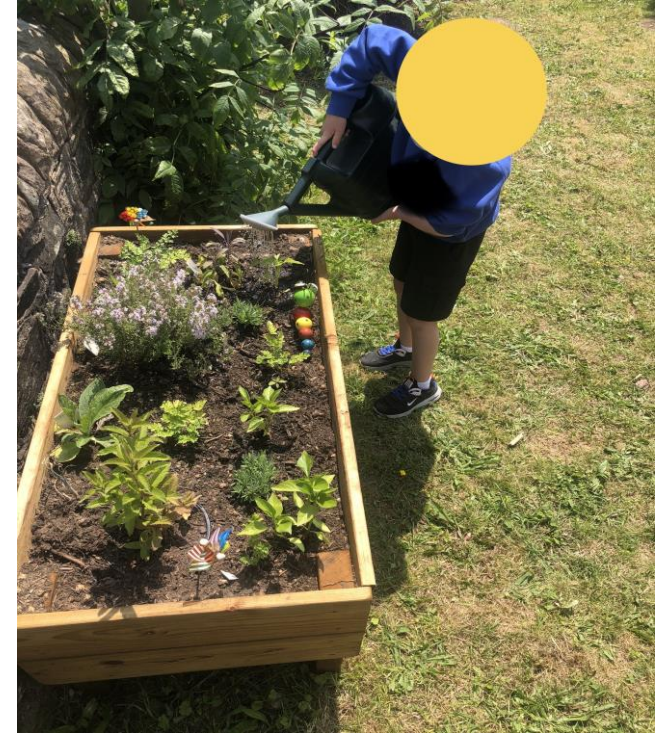

Red Pepper

Childrens Arts and Crafts for the garden

Children Helping to Water the plants and trees

Children growing their Sunflowers at home 😊

**“Of all the paths you take
in life, make sure a few of
them are dirt”**

John Muir

Wildlife and animals in the garden

Bees and wasps

Butterflies

Robin

Magpie

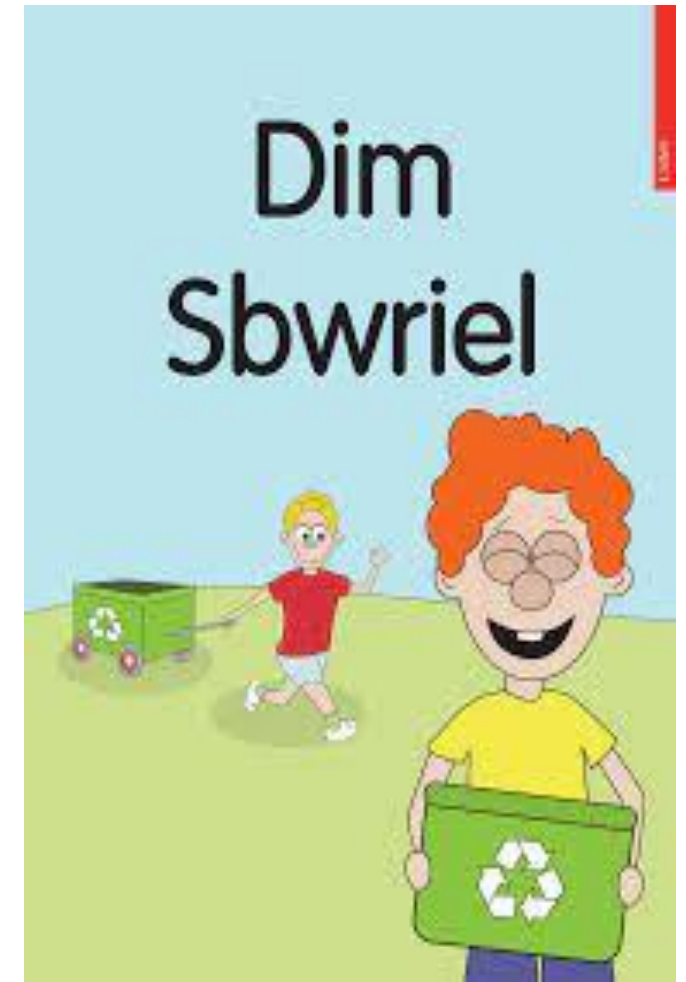

Worms

CONSERVE

We wanted to make sure that no litter was left when anyone visited our garden. So I decided to put up signs 'Dim Sbwriel' which means no rubbish in Welsh.

This has made the children take more notice and they will even go and look for any rubbish when they now come and visit with litter picks and black bags.

The children
and staff love
the new project
and the
garden they
created as a
family

We Have a Little Garden

by Beatrix Potter

We have a little garden,
A garden of our own,
And every day we water there
The seeds that we have sown.

We love our little garden,
And tend it with such care,
You will not find a faded leaf
Or blighted blossom there.

End result-
beautiful garden
