Some Info. Re. Tutorials for module ECAD5005 – group activity

Prior to attending a tutorial it would be beneficial if some aspects that you as a group intend raising were sent on to the tutor at least 24hrs before the scheduled session. This will allow the tutor time to research further & possibly bring some articles that may be relevant to the questions being asked. It is an opportunity for you as a group **to discuss issues relating to the themes within the assignment**. This discussion will be amongst yourselves and the tutor. This then activity is seen as another avenue of sourcing information for gaining opinions and view points. It is hoped that after attending a tutorial you may have more questions to consider which will inspire you to research further!

Thank you, Heddwen.
